P40 Protein is the ULTIMATE meal replacement for an active lifestyle. Musashi's unique blend of Whey Protein Isolate, Whey Protein Concentrate and Milk Protein solids are all delivered in INSTANTISED form for maximum ABSORPTION, BIO-AVAILABILITY and TASTE. The carbohydrate source found in P40 is a blend of long, medium and short chain polymers which ensure a steady supply of energy to the body. Completion of this ULTIMATE protein is the inclusion of Essential Fatty Acids, Vitamins, Minerals and Free Form Amino Acids. All of these ingredients further enhance the effectiveness of P40 Protein.

P40 is not just a protein for those looking for muscle gains. For correct use in a weight loss program, simply click on to www.musashi.com.au and go to the P40 section.

Directions: Mix 60gm (4 level scoops) with 500ml (16oz) of low fat milk or water. Use P40 Protein up to 3 times a day away from training times and in conjunction with a well balanced diet.
